

Professional Curriculum Vitae of

Dr. Jenő Marton Ph.D.Chem M.Sc.Chemie, B.Sc Oec.,

Studies and Course :

1995 : Course of Canadian export-import management
1970-1972: I made my doctor thesis in the Technical University, Faculty of Rubber and Plastic and I absolved my Ph. D.Chem. examination "summa cum laude",
1970-1972 : Economical University and I had my second diploma as economist for foreign trade systems.
1965-1967 : evening course of Computer Organization Systems in the Central Statistic Computer High School, of computer organizer and systems designer
1959-1964 Budapest Technical University, I became to diploma chemical engineer Faculty: automatic of chemical industries.
1953-1955: the ELTE University on the Chemist Faculty.

Workplaces and time in work

2013 July Mrs Berze and Mrs Ewa Marton established a company in London, UK. The name is: Solar Research and Development Ltd. I am the director

2006-2010 We changed the name for "Solar Technology Ltd"
1988-2006 : KORDIMEX export-import Ltd. Budapest, Owner (50%) and Manager, (It is a 100% private company owner also in 50% Mrs. Zsuzsanna Berze The name was changed for Solar technology Ltd at 2004.
1984-1988 : Technokord semi-private company for export business, Budapest as director ,
1981-1984 : I lead a small Pilot-Plan of over-coated fillers in Dunabogdany on my registered patent of over-coating system for rubber factories,
1971-1981 : Volan Computer center, He was export department leader Interag Foreign Trade Co., Budapest as computer special engineer for software and hardware business.
1965-1971 : Hungarian Research Institute for automation (as computer organizer and designer engineer for chemical industries as rubber-tires and aluminum industry.
1948-1965: Different Chemical Industry as medicin, paint, and Oil, but mainly Technical Rubber Factory, Budapest,

Conference and other academic activities

2006.: 13. SolarPaces Conference as speaker in Sevilla, 20 June.
1987 : "IUPAC Int. Symposium." Aug.16-21 Jerusalem, Israel as speaker
1986 : Singapore "Rubberplas'86 " Org. by Chaners Exposition group Conf. as speaker
1986 : "Second International Baghdad Conference on Computers
1985 : Colombo, Sri Lanka " Rubblaplas 1985" Org. by Sri Lanka Ministry of Industry ,as speaker
1984 : Rome "Second World Conference on Transborder Data Flow Policies" Org. by I.B.I Rome
1983 : Wiesbaden, Germany "Deutsche Kautschuk und Gumi Tagung"
1981 : Hamburg, Germany "International Symposium Computer Applications" where I was in the organizing Committee the General Secretary and speaker

1980 : “ Conference on Computer Technology" Organized by Technical University, Caracas
1980 : Rome "International Conference on Information Transfer" Organized by I.B.I. Rome,
1979 : Hamburg "International Traffic Conference" Organized by Hamburg Messe und Konf.
1978 : London Conference on Flame retardant material in the rubber components as speaker,
1977 : **I was registered adviser in the UNIDO organization Vienna,**
1977 : Bangkok, Thailand Computer technology Conference" Organized by Computer Society
1976 : Budapest "Conference for Computer technology" Organized by János Neumann Society,
1975 : Baghdad, Iraq "First Information Conference for developing Countries" Organized by
I.B.I

(Intergovernmental Bureau for Informative) Rome,

1967-1989 : I was registered as expert adviser till 1989 for rubber and Plastic Technology by
the Technical Ministry of Hungary.

1963 : I wrote some publication from 1963 till 1975 Hungarian chemical newspaper and other
papers.

Another Computer conference where I was delegated with papers.

Research and Developing activities :

A lot of patent registered innovation!
